

PROSTAR

Shotguns by Yildiz

Drawing upon the classic masterworks in Italian sporting arms, our craftsmen have created something which must be experienced to be believed. Our attention to the most minute detail, coupled with a devotion to the ultimate in handling, have delivered more than just an imitation. They have created a rival... **and at a fraction of the cost.**

Yildiz ProStar is the official manufacturer sponsor of this year's **Make-A-Break**. Supporting the SCTP's mission to foster healthy competition and good sportsmanship among our youth shooters is vital to the future of our sport. We are honored to be a part of it.

This year's SCTP Make-A-Break Winner will receive this 32" 12 gauge Yildiz Pro Sporting in blued action.

Check out the prize gun and the complete Yildiz lineup onsite at Pacific East who will handle the FFL transfer after the event.

Yildiz ProStar is imported and distributed by Eurosports, LLC of Round Rock, TX. For more info give us a call at (512) 218-0912 or visit www.prostarshotguns.com.
